

**Atlantic Used Oil**  
Management Association

# Processor Agreement

**for the Province of Prince Edward Island**

**Version of December 1st, 2022** *(Including the Appendix 1 of September 1, 2022)*

**PROCESSORS AGREEMENT:**

**BETWEEN:**

**SOCIÉTÉ DE GESTION DES HUILES USAGÉES DE L'ATLANTIQUE INC. – ATLANTIC USED OIL MANAGEMENT ASSOCIATION INC**, a company constituted under Part III of the *Companies Act*, having its principal place of business at 644 Main Street # 601, Moncton, New-Brunswick, represented by

\_\_\_\_\_,  
(print name)

\_\_\_\_\_,  
(print title)

duly authorized to act herein;

(hereinafter called "**Atlantic Used Oil Management Association**")

**AND:**

\_\_\_\_\_  
(print complete legal entity name)

having its principal place of business at:

\_\_\_\_\_,  
(address)

herein represented by:

\_\_\_\_\_,  
(print name)

\_\_\_\_\_,  
(print title)

duly authorized to act herein, as he/she so declares:

(hereinafter called the "**Processor**")

**PREAMBLE**

**WHEREAS** Atlantic Used Oil Management Association has been constituted and recognized by the Department of Environment, Energy and Climate Action of Prince Edward Island to represent its Members that are subject to the Regulation and for the

Initials : \_\_\_\_\_

*page 2*

purposes of implementing and managing an Oil & Glycol Stewardship Program within the territory of the Province of Prince Edward Island, in accordance with this Regulation;

**WHEREAS** Atlantic Used Oil Management Association has set up a process for selection and registration of the Processors who will reclaim designated materials in accordance with the Regulation;

**WHEREAS** the Processor wishes to register with Atlantic Used Oil Management Association so that it can participate in the reclamation system for designated materials within the territory of the province of Prince Edward Island in accordance with the Regulation;

THE PARTIES AGREE AS FOLLOWS:

## 1. Definitions

The following words and expressions mean or define:

- (i) **Act:** means the Prince Edward Island *Environmental Protection Act* and the regulations enacted pursuant to it;
- (ii) **Aerosol containers** only include aerosol lubricants and cleaners for automotive parts. Used aerosol containers means used aerosol lubricant and cleaners for automotive parts containers;
- (iii) **Applicant** means any Processor who wants to register with Atlantic Used Oil Management Association, does whatever is necessary, and submits all documents and information required for that purpose;
- (iv) **Collection Facility** means a collection facility registered with Atlantic Used Oil Management Association that accepts used oil, used glycol (antifreeze), used oil containers and used glycol (antifreeze) containers of 50 liters or less, used oil filters as well as used aerosol lubricant containers for all kinds of lubricants and used aerosol cleaners for automotive parts from people who wish to return them;
- (v) **Collector** means a business registered with Atlantic Used Oil Management Association to pick up the products governed by the Regulation from generators or collection facilities and deliver them to a processor registered with Atlantic Used Oil Management Association;
- (vi) **Collector and Processor Manual** means the manual supplied by Atlantic Used Oil Management Association to collectors and processors which describes the management system set up by Atlantic Used Oil Management Association and the details of the systems and procedures that relate to their businesses, as amended from time to time by Atlantic Used Oil Management Association;
- (vii) **Designated materials** means used oils, used oil containers with a capacity of 50 liters or less including used aerosol lubricant containers for all kinds of

Initials : \_\_\_\_\_

page 3

lubricants, used glycol (antifreeze) and its containers with a capacity of 50 liters or less, used diesel exhaust fluid containers of 50 liters or less, used aerosol containers used as cleaners for automotive parts and used filters throughout the territory of the province of Prince Edward Island, in accordance with Part III, DIVISION 4, article 60. (1) of the Regulation;

- (viii) **Diesel exhaust fluid containers** means a container with a capacity of 50 liters or less designed to contain diesel exhaust fluid. Used diesel exhaust fluid container means a used container with a capacity of 50 liters or less that contained diesel exhaust fluid;
- (ix) **Generators** means the users of the designated materials in the normal course of business or as a private consumer;
- (x) **Glycol (antifreeze)** means ethylene or propylene glycol used or intended for use as a vehicle or commercial engine coolant, but does not include the following: plumbing antifreeze, windshield washer antifreeze, lock de-icers and antifreeze, gasoline and diesel fuel glycol, as described in Part III, DIVISION 4, article 59 (d) of the Regulation. Used glycol means glycol which through use, storage or handling can no longer be used for its original purpose ;
- (xi) **Glycol container** means a container with a capacity of 50 liters or less that contained glycol. Used glycol container means a used container with a capacity of 50 liters or less that contained glycol;
- (xii) **Minister** means the Minister of the Department of Environment, Energy and Climate Action of the Prince Edward Island;
- (xiii) **Oil** means any petroleum or synthetic derived crankcase oil, engine oil and gear oil, hydraulic fluid, transmission fluid and heat transfer fluid, machinery or equipment lubricants, as described in Part III, DIVISION 4, article 59 (e) of the Regulation. Used oil means oil which, through use, storage or handling, can no longer be used for its original purpose;
- (xiv) **Oil container:** means a container with a capacity of 50 liters or less designed to contain oil. Used oil container means a used container with a capacity of 50 liters or less that contained oil;
- (xv) **Oil filters** means any spin-on style or element style fluid filters used in hydraulic systems, transmissions or internal combustion engines; oil filters, diesel fuel filters, storage tank fuel filters and household furnace oil filters, except for gasoline filters, as described in Part III, DIVISION 4, article 59 (f) of the Regulation. Used oil filters means oil filters which through use, storage or handling can no longer be used for their original purpose;
- (xvi) **Processing** means an activity for reuse, recycling, including biological treatment, any other operation whereby residual materials are processed for use as substitutes for raw materials, and energy recovery recognized by the Department of the Environment, Energy and Climate Action of the Prince

Initials : \_\_\_\_\_

page 4

Edward Island, or any other activity authorized by the Department that involves cleaning, decontaminating or declassifying products as hazardous residual materials. Bulking, shredding and bundling are not considered processing activities;

- (xvii) **Processor** means a business registered with Atlantic Used Oil Management Association that process in order to give a second life to designated materials governed by the Regulation;
- (xviii) **Processor Agreement or Agreement** means this Agreement entered into between the Processor and Atlantic Used Oil Management Association for the province of Prince Edward Island;
- (xix) **Processor Registration Application Form** means the document to be completed by businesses that apply to Atlantic Used Oil Management Association for registration as processor for the province of Prince Edward Island;
- (xx) **Processor Return Incentives** means the financial incentive disbursed by Atlantic Used Oil Management Association to certain registered processors for processing of plastic oil, glycol and diesel exhaust fluid containers (cleaning for reuse, shredding, decontamination, reducing the plastic into pellets for transformation into finished goods, etc.) in recognition of the fact that this activity is not yet profitable;
- (xxi) **Regulation** means *Materials Stewardship and Recycling Regulation – Environmental Protection Act* ;

## 2. Conditions of registration and maintenance of registration

- 2.1. Applicants must send the Processor Registration Application Form (available on Atlantic Used Oil Management Association’s website at [www.uoma-atlantic.com](http://www.uoma-atlantic.com) – Prince Edward Island – in the Processors section), together with the documents required on the form and all other documents or information that Atlantic Used Oil Management Association might reasonably request.
- 2.2. All registrations end on December 31 of each year. They must therefore be renewed by January 1, as per the conditions specified on the Processor Registration Renewal Form (available on Atlantic Used Oil Management Association’s website at [www.uoma-atlantic.com](http://www.uoma-atlantic.com) – Prince Edward Island – in the Processors section), and all other documents or information that Atlantic Used Oil Management Association might reasonably request. The said Registration Renewals automatically renew the previously signed Processor Agreement.
- 2.3. The Processor and its respective activities and facilities must be in compliance at all times with the applicable laws and regulations, in particular with regard to management of the products and their traceability, risk management and the safety of their operations, as well as training and information for the employees and executives responsible for or the people assigned to such activities.

Initials : \_\_\_\_\_

page 5

- 2.4. The Processor must promptly send Atlantic Used Oil Management Association a copy of any notice of infraction, investigation, complaint or other request from a government or other authority relating to any order, statement of offence, pecuniary administrative penalty or notice of non-compliance with any regulation or legislation, especially any environmental legislation or regulation governing its Atlantic Used Oil Management Association related activities.
- 2.5. The Processor agrees not to use the Used Oil Management Association logo or any other designation prescribed as such by Atlantic Used Oil Management Association in any form of communication without written authorization by Atlantic Used Oil Management Association describing the terms and conditions of such use. However, the Processor may mention that it is registered with Atlantic Used Oil Management Association for the province of Prince Edward Island. If authorized to use Atlantic Used Oil Management Association's name, the Processor undertakes to specify that it is doing so as a partner and not as an associate.

### 3. Obligations of the Processor

#### 3.1.a) Used oil

- i) The Processor agrees that it is responsible for checking the volume of the used oils received from the collector.
- ii) **If the processing activity is not the end use or does not result in the creation of a new product, the person or business that will use the product and the purpose of that use must be known. The Processor will be responsible for proving such transactions on a quarterly basis by producing confirmation of delivery to such person or business**
- iii) The Processor must provide Atlantic Used Oil Management Association with an Annual Statement showing the total volume processed , including the quantities received from collectors registered with and recognized by Atlantic Used Oil Management Association for the province of Prince Edward Island, as well as the total quantities reported by Atlantic Used Oil Management Association and the inventories at the beginning and end of the year, etc. (form available on Atlantic Used Oil Management Association's website at [www.uoma-atlantic.com](http://www.uoma-atlantic.com) – Prince Edward Island – in the Processors section).

#### 3.1.b) Used glycol

- i) The Processor agrees that it is responsible for checking the volume and quality of the used glycol received from the collector.

Initials : \_\_\_\_\_

page 6

- ii) The Processor has to take samples and submit all loads of used glycol for analysis to measure the percentage of glycol and water, then it has to submit the results to Atlantic Used Oil Management Association with the signed receiving document. The Processor agrees that all samples must be representative of the total load received.
- iii) The Processor agrees to hold harmless and indemnify Atlantic Used Oil Management Association and its employees and agents against all liability and all claims and suits relating to the processed products or their use.
- iv) The Processor must confirm the quality of the processed glycol to Atlantic Used Oil Management Association in accordance with one of the following methods:
  - a) Conductivity (below 1,000)
  - b) ASTM D7713
  - c) ASTM E1177
  - d) other tests acceptable to Atlantic Used Oil Management Association

**Note: If the processing activity is not the end use or does not result in the creation of a new product, the person or business that will use the product and the purpose of that use must be known. The Processor will be responsible for proving such transactions to Atlantic Used Oil Management Association on a quarterly basis by producing confirmation of delivery to such person or business.**

- v) The Processor must provide Atlantic Used Oil Management Association with an Annual Statement showing the total volume processed, including the quantities received from collectors registered with and recognized by Atlantic Used Oil Management Association for the province of Prince Edward Island, as well as the total quantities reported by Atlantic Used Oil Management Association and the inventories at the beginning and end of the year, etc. (form available on Atlantic Used Oil Management Association's website at [www.uoma-atlantic.com](http://www.uoma-atlantic.com) – Prince Edward Island – in the Processors section)

3.1.c) Used filters

- i) The Processor agrees that it is responsible for checking the total weight of the container and/or the number of full or partly filled barrels or bins and for weighing all incoming loads and supplying a scale ticket to the collector, not including the weight of the containers. **The Processor must also make sure that**

Initials : \_\_\_\_\_

page 7

**the designated materials have been recovered for Atlantic Used Oil Management Association for the province of Prince Edward Island. If a load contains materials designated of Prince Edward Island and materials that are outside of Prince Edward Island there have to be separate weighings.**

- ii) The Processor must deduct the weight of the waste received and note the corrected weight on its bill of lading, giving a copy to the collector.

**Note: If the processing activity is not the end use or does not result in the creation of a new product, the person or business that will use the product and the purpose of that use must be known. The Processor will be responsible for proving such transactions to Atlantic Used Oil Management Association on a quarterly basis by producing confirmation of delivery to such person or business.**

- iii) The Processor must provide Atlantic Used Oil Management Association with an Annual Statement showing the total volume processed, including the quantities received from collectors registered with and recognized by Atlantic Used Oil Management Association for the province of Prince Edward Island, as well as the total quantities reported by Atlantic Used Oil Management Association and the inventories at the beginning and end of the year, etc. (form available on Atlantic Used Oil Management Association's website at [www.uoma-atlantic.com](http://www.uoma-atlantic.com) – Prince Edward Island – in the Processors section).

3.1.d) Used oil, glycol and diesel exhaust fluid containers (including used aerosol lubricant and cleaner for automotive parts containers)

- i) The Processor agrees that it is responsible for checking the total weight of the containers recovered and the degree of contamination. The Processor must also make sure that the designated materials have been recovered for Atlantic Used Oil Management Association for the province of Prince Edward Island. If a load contains materials designated from Prince Edward Island and materials that are outside of Prince Edward Island there have to be separate weighting's.
- ii) The Processor must weigh all incoming loads and supply a scale ticket to the collector. The Processor must deduct the weight of the waste received and note the corrected weight on its bill of lading, giving a copy to the collector.

Initials : \_\_\_\_\_

page 8

- iii) The Processor is required to assist Atlantic Used Oil Management Association's field auditor in characterizing plastic containers and aerosols.

**Note: if the processing activity is not the end use or does not result in the creation of a new product, the person or business that will use the product and the purpose of that use must be known. The Processor will be responsible for proving such transactions to Atlantic Used Oil Management Association on a quarterly basis by producing confirmation of delivery to such person or business. Bulking, shredding and bundling are not considered processing activities;**

- iv) The Processor must provide Atlantic Used Oil Management Association with an Annual Statement showing the TOTAL volume processed , including the quantities received from collectors registered with and recognized by Atlantic Used Oil Management Association for the province of Prince Edward Island, as well as the total quantities reported by Atlantic Used Oil Management Association and the inventories at the beginning and end of the year, etc. (form available on Atlantic Used Oil Management Association's website at [www.uoma-atlantic.com](http://www.uoma-atlantic.com) – Prince Edward Island – in the Processors section).

#### **4. General payment information**

The Processor acknowledges and agrees that it is responsible for keeping proper documentation for the purposes of preparing invoices to be sent to Atlantic Used Oil Management Association and for the purposes of obtaining the Processor Return Incentives. The Processor agrees to send Atlantic Used Oil Management Association any invoice for payment of the Processor Return Incentives for used plastic containers with the "Used Plastic CONTAINER Processor Return Incentives Claim Form" (available on Atlantic Used Oil Management Association's website at [www.uoma-atlantic.com](http://www.uoma-atlantic.com) – Prince Edward Island – in the Processors section), and all of the information or documents indicated therein.

4.1 The Processor agrees to submit monthly statements with each claim describing:

- (a) the quantity of used plastic oil and antifreeze containers received from Atlantic Used Oil Management Association registered collectors and recovered for Atlantic Used Oil Management Association for the province of Prince Edward Island (separate weighings);
- (b) the current inventories of used plastic oil, glycol and diesel exhaust fluid containers (quarterly);

Initials : \_\_\_\_\_

page 9

- (c) the amount of sales and payments of plastic containers reduced into plastic pellets or products for transformation into finished goods or the equivalent (quarterly); and
- (d) in the case of reuse, production reports, purchase reports of covers and the inventory of containers and covers, the amount of sales, and any other documents Atlantic Used Oil Management Association deems necessary.

Atlantic Used Oil Management Association undertakes to pay the Processor Return Incentives within thirty (30) days of receipt of the “Used Plastic CONTAINER Processor Return Incentives Claim Form” (available on Atlantic Used Oil Management Association’s website at [www.uoma-atlantic.com](http://www.uoma-atlantic.com) – Prince Edward Island – in the Processors section), duly completed with all the required vouchers attached.

## **5. Obligations of Atlantic Used Oil Management Association**

- 5.1. Atlantic Used Oil Management Association undertakes to disburse to the Processor the Processor Return Incentives corresponding to the quantities of used plastic oil, glycol and diesel exhaust fluid containers that have been reused, reduced to pellets or products for transformation into finished goods or the equivalent, based on the amount set out in Appendix I hereof.
- 5.2. Except as stipulated herein, Atlantic Used Oil Management Association undertakes not to disclose any confidential document or information received from the Processor, in compliance with the *Freedom of Information and Protection of Privacy Act*, (Cap. F-15.01). However, Atlantic Used Oil Management Association may transmit any document or information to the Department of Environment, Energy and Climate Action of Prince Edward Island – including the information included in its annual report and its business plan – or to the Minister or to any authorized person at the Department of the Environment, Energy, and Climate Action, or when such transmission is required by law or by any judicial or quasi-judicial authority.
- 5.3. Atlantic Used Oil Management Association will send the Processor ninety (90) days’ written notice of any amendment to Appendix I about the Processor Return Incentives, unless such amendments clearly benefit the processors.

## **6. Term of the Agreement**

- 6.1. This Agreement has a term of one (1) year as of the date it is signed by Atlantic Used Oil Management Association, or until the Processor registration renewal date on or before January 1 after the Agreement is signed.
- 6.2. In the event that the Processor gives Atlantic Used Oil Management Association written notice of its intention to terminate this Agreement, it shall be deemed cancelled within 60 days of the date of receipt of the notice. Upon receipt of the notice, Atlantic Used Oil Management Association may request a compliance review of the Processor’s books and records.

Initials : \_\_\_\_\_

page 10

- 6.3. The Processor hereby acknowledges and agrees that Atlantic Used Oil Management Association may suspend or revoke the Processor's registration if the Processor contravenes the law or the applicable regulations or the instruments set out below in subsection 7.3 and in this Agreement, or upon any false, misleading or inaccurate representation made, in particular in the application for registration or in a claim form for the purposes of payment of the Processor Return Incentives by Atlantic Used Oil Management Association. The Processor also acknowledges and agrees that Atlantic Used Oil Management Association may suspend or revoke the Processor's registration certificate if (a) the Processor retires from business, (b) the Processor requests revocation of its registration certificate with Atlantic Used Oil Management Association, (c) the Processor becomes bankrupt or insolvent, or (d) there are significant or repeated breaches of the Processor's obligations under the terms hereof or those outlined in the Collector and Processor Manual.
- 6.4. The Processor agrees to surrender its registration certificate promptly to Atlantic Used Oil Management Association if the Processor's registration is revoked or suspended. The Processor agrees not to participate in Atlantic Used Oil Management Association's programs or carry on a business under the banner of such programs if it is not registered or if its registration is suspended or revoked.

## **7. General conditions**

- 7.1. The Processor hereby confirms that all information transmitted to Atlantic Used Oil Management Association is true and accurate, and undertakes to supply Atlantic Used Oil Management Association with any change thereto promptly or upon renewal of its Agreement. The Processor also undertakes that any document or information to be transmitted to Atlantic Used Oil Management Association in the future will be in compliance and accurate.
- 7.2. The Processor agrees to indemnify and hold harmless Atlantic Used Oil Management Association, its officers, employees and its agents or mandataries against all liability of any nature whatsoever relating to its operations, costs, expenses, claims and suits, including judicial and extra-judicial fees, as well as reasonable attorney fees and other expenses, that may result from any false, misleading or inaccurate or untrue statement provided by the Processor.
- 7.3. The Processor acknowledges Atlantic Used Oil Management Association's authority to adopt, amend or withdraw regulations, programs, policies and procedures, and agrees to be bound by this Agreement, by the Collector and Processor Manual, and by Atlantic Used Oil Management Association's bylaws, programs, policies and procedures and to honor the obligations contained therein.
- 7.4. Without restricting the obligations prescribed in Section 8 hereof, the Processor agrees to provide Atlantic Used Oil Management Association with any particulars, certificate of insurance, document, receipt, registration or other information required for the purposes of its registration or a claim for Processor Return

Initials : \_\_\_\_\_

*page 11*

Incentives that Atlantic Used Oil Management Association may reasonably request.

- 7.5. The Processor agrees that Atlantic Used Oil Management Association will create and maintain an up-to-date database of processors registered with Atlantic Used Oil Management Association, which may be consulted by the Department of Environment, Energy and Climate Action of Prince Edward Island, and the information it contains may be transmitted to the Minister and published in the *Prince Edward Island Royal Gazette*. In the event that a registration is granted and/or a payment is made by Atlantic Used Oil Management Association and the information provided by the Processor is false, misleading or inaccurate, it is understood that such registration or payment was made without right or in error. Any such registration will therefore be null, and void and any such payment must be promptly reimbursed to Atlantic Used Oil Management Association upon discovery of the misstatement or error.
- 7.6. Atlantic Used Oil Management Association retains the right, in its sole discretion, to withhold any payment or registration application until it completes verification or obtains verification or information it deems sufficient from the Processor.

## **8. Independent auditor: compliance review**

- 8.1. The Processor acknowledges and agrees to keep for at least 6 years complete, accurate and up-to-date books and records of all operations and information required under the terms hereof and the Regulation with regard to the reclaimed designated materials and the Processor Return Incentives.
- 8.2. The Processor acknowledges and agrees that, in order to meet the requirements of this Agreement in relation to the compliance review, Atlantic Used Oil Management Association, the Department of Environment, Energy and Climate Action of Prince Edward Island, their auditors, inspectors or other duly authorized representatives shall have full access during normal business hours to the Processor's place of business and books and records, or to the place where the Processors' books and records are kept, and to any other document or information required in order to complete the compliance reviews required by this Agreement, and have the right to take a copy of those documents at the Processor's expense throughout the term of this Agreement and for a period of six (6) years following the termination or cancellation of this Agreement or any renewal thereof, as the case may be. Accordingly, the Processor agrees to keep all its books and records and all other documents required for the purposes hereof in the same province in which it registered with Atlantic Used Oil Management Association.
- 8.3. Such compliance reviews are to be conducted at Atlantic Used Oil Management Association's expense, unless considerable errors (over 10%) of any amount paid and/or any data supplied by the Processor are discovered following the compliance review, in which case the Processor must immediately disburse the following amounts to Atlantic Used Oil Management Association, together with all applicable taxes:

Initials : \_\_\_\_\_

page 12

- a) the amount of the incentives overpaid;
- b) the compliance review expenses, and
- c) administrative expenses over and above the compliance review expenses, as the case may be, equal to 20% of the overpaid incentive amounts.

## **9. Final provisions**

- 9.1 The Parties herein and their respective successors, heirs and legatees, assigns, and other legal representatives and their beneficiaries, agree to be bound by the provisions hereof and those of the Collector and Processor Manual, and to honor the obligations incumbent upon them.
- 9.2 The Processor may in no way assign, encumber, alienate or subcontract, in whole or in part, the rights and obligations resulting from this Agreement for a purpose not specifically stipulated in the Agreement, without the prior written consent of Atlantic Used Oil Management Association. In the event of any assignment, the Processor will remain liable for the obligations incumbent upon it under the terms of this Agreement, jointly and severally with any assignee, even in the event of bankruptcy or insolvency of the assignee. All documents transmitted by the Processor to Atlantic Used Oil Management Association will be submitted for information, review and verification purposes.
- 9.3 All of the rights described herein are cumulative and not alternative. The Processor cannot be released from its obligations under the terms of this Agreement by the fact that Atlantic Used Oil Management Association remains silent or delays the exercise of a right or remedy granted to it under this Agreement; such silence or delay is never to be interpreted against Atlantic Used Oil Management Association as an exemption or waiver of the full exercise of its rights and remedies, provided the legal limitation period for the exercise of such rights or remedies has not expired.
- 9.4 The preamble, the Collector and Processor Manual and any document appended to this Agreement and any form to be completed (available on Atlantic Used Oil Management Association's website at [www.uoma-atlantic.com](http://www.uoma-atlantic.com) – Prince Edward Island – in the Processors section) form an integral part hereof.
- 9.5 Any contested claim arising from the enforcement of this Agreement, any dispute with regard to its performance, including its cancellation or revocation, and any dispute arising from a problem of interpretation of this Agreement shall be submitted to arbitration, to the exclusion of the law courts.
- 9.6 The Parties hereto agree that the provisions of the *Arbitration Act*, R.S.P.E.I. 1988, Cap. A-16 (the « Act ») currently in effect will govern any arbitration held hereunder. The parties agree that the said arbitration is to be held in the province of Prince Edward Island City of Charlottetown or Summerside before one arbitrator who will be chosen jointly by the parties within 10 days of the claim,

Initials : \_\_\_\_\_

page 13

failing which the arbitrator is to be appointed by a judge, on motion of one of the parties, pursuant to the provisions of the *Act*.

- 9.7 Any notice required under this Agreement will be sufficient if it is in writing and sent by a method of communication which allows the sending party to prove that the said notice was actually delivered to the addressee party at the address indicated at the beginning of the Agreement or at any other address that the latter may make known in accordance with this section.
- 9.8 This Agreement may be amended, in whole or in part, only on Atlantic Used Oil Management Association's initiative. Subject to the Processor's right to terminate this Agreement, any amendment thus made will take effect only on the date stipulated in the written notice communicated to the Processors in accordance with this Agreement.
- 9.9 The Agreement and its interpretation, performance, application, validity and effects are subject to the applicable laws in effect in the Province of Prince Edward Island and in Canada, which govern all of the provisions it contains in whole or in part.
- 9.10 Any provision of this Agreement not in compliance with the legislation shall be deemed to have no effect to the extent that it is prohibited by any law. The same applies for all clauses subordinated or related to such provision, to the extent that their applicability depends on the said provision.

## **APPENDIX I**

*(Modified by the Board of Directors on August 25, 2022)*

*This Appendix I nullifies and replaces any previous Appendix I*

### **Processor Return Incentives**

#### **for used containers, oil and plastic antifreeze containers**

*Rates in effect on Processor Incentives on or after April 1, 2022*

\$0.39 per kilogram for the processing of used oil and antifreeze plastic containers in recognition of the fact that this activity is not yet profitable (cleaning for reuse, decontaminating, shredding and transforming into pellets for the creation of a finished product).

The Processor must supply proof of delivery to the final processor. Under no circumstance is shredding alone to be considered a processing activity.

#### **Transportation Incentives for used containers, oil and plastic antifreeze containers**

*Rates in effect on pickups on or after September 1, 2022*

A transportation incentive of \$0.40/kg will be granted to the transporter (collector or processor registered with Atlantic Used Oil Management Association) for plastic delivered to a processor located outside of the Atlantic and registered with Atlantic Used Oil Management Associationf.
