NEW TEMPORARY INCENTIVE TO PLASTIC COLLECTORS

UOMA Atlantic was informed of the problem of the significant increase in costs linked to the recovery and processing of plastic as part of its program.

To compensate for the increased costs of transporting the plastic products concerned, the board of directors approved the establishment of a temporary incentive for the collection of plastic **for all plastic collectors registered with UOMA Atlantic of 0.50 \$ per kg of plastic covered by the program, for the period from September 1 to December 31, 2023**. At the end of this period, UOMA Atlantic will reassess the market situation.

Procedure for paying these incentives:

To receive payment, the collector will send **with his claim** an invoice corresponding to the quantities of plastic delivered by the collector.

A handwritten signature in blue ink, appearing to read "Lucy Hagan", is positioned above the title "General Manager".
