To the members of Atlantic Used Oil Management Association Inc. (UOMA - Atlantic)

Opinion

We have audited the financial statements of Atlantic Used Oil Management Association Inc. (UOMA - Atlantic) (the Organization), which comprise the balance sheet as at December 31, 2023, and the statements of operations, changes in net assets and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Organization as at December 31, 2023, and the results of its operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Organization in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Organization's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Organization or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Organization's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform
 audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our
 opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud
 may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

MNP S.E.N.C.R.L., s.r.l./LLP

1010 Rue de Sérigny, Bureau 800, Longueuil (Québec) J4K 5G7

Tél.: 514.932.4115 Téléc.: 514.932.9195

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Organization's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Organization to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

The accompanying notes are an integral part of these financial statements.

Notes to the Financial Statements

December 31, 2023

1. Governing statute and nature of business

Atlantic Used Oil Management Association Inc. (UOMA - Atlantic) (the "Organization") was incorporated on November 18, 2013, under Part I of the New Brunswick Companies Act. According to the federal and provincial Income Tax Acts, it is a non-profit organization and is therefore exempt from income taxes.

The Organization has the mandate to establish and manage an integrated program of recovery and reclamation for used oils and antifreeze and also for oil, filters, fluid and antifreeze containers in an efficient and responsible manner.

2. Significant accounting policies

The Organization applies the Canadian accounting standards for not-for-profit organizations.

Cash and cash equivalents

The Organization's policy is to present bank balances under cash and cash equivalents, including bank overdrafts when bank balances that fluctuate frequently from being positive to overdrawn, and term deposits with a maturity period of three months or less from the date of acquisition.

Revenue recognition

Revenues are recognized when there is a persuasive evidence that an arrangement exists, the price is fixed or determinable and collection is reasonably assured. Revenue from environmental handling charges is recognized when the lubricating oil and antifreeze and/or oil and glycol containers and oil filters are sold by members, based on their remittance forms, except for (a) revenue from prior years received in the current year following a new registration, because environmental handling charges must be remitted retroactively for seven years; and (b) additional revenue determined following a compliance review. These environmental handling charges are recognized in the year during which they are determined.

Return incentives

Return incentive expenses are recognized when the lubricating oil and antifreeze and/or containers and filters are collected by a registered collector and delivered to a registered processor of the Organization.

Processing incentives

Processing incentive expenses are recognized when the lubricating oil and glycol containers are processed by the Organization's registered processors.

Financial instruments

Initial measurement

The Organization initially measures its financial assets and liabilities originated or exchanged in arm's length transactions at fair value. Financial assets and liabilities originated or exchanged in related party transactions, except for those that involve parties whose sole relationship with the Organization is in the capacity of management, are initially measured at cost.

The cost of a financial instrument in a related party transaction depends on whether the instrument has repayment terms. The cost of a financial asset or liability in a related party transaction that has repayment terms is determined using its undiscounted cash flows, excluding interest and dividend payments, less any impairment losses previously recognized by the transferor. When the financial instrument does not have repayment terms, its cost is determined using the consideration transferred or received by the Organization in the transaction.

Subsequent measurement

The Organization subsequently measures all its financial assets and liabilities at amortized cost, except for investments in equity instruments that are quoted in an active market, which are measured at fair value. Changes in fair value of these financial instruments are recognized in net income in the period incurred.

Notes to the Financial Statements

December 31, 2023

2. Significant accounting policies (continued)

Financial instruments (continued)

Transaction costs

Transaction costs attributable to financial instruments subsequently measured at fair value and to those originated or exchanged in a related party transaction are recognized in net income in the period incurred. Transaction costs related to financial instruments originated or exchanged in an arm's length transaction that are subsequently measured at amortized cost are recognized in the original cost of the instrument. When the instrument is measured at amortized cost, transaction costs are recognized in net income over the life of the instrument using the effective interest method.

Impairment

For financial assets measured at amortized cost, the Organization determines whether there are indications of possible impairment. When there are, and the Organization determines that a significant adverse change has occurred during the period in the expected timing or amount of future cash flows, a write-down is recognized in net income. If the indicators of impairment have decreased or no longer exist, the previously recognized impairment loss may be reversed to the extent of the improvement. The carrying amount of the financial asset may not be greater than the amount that would have been reported at the date of the reversal had the impairment not been recognized previously. The amount of the reversal is recognized in net income.

Intangible asset

Intangible asset are accounted for at cost. Amortization is calculated using the straight-line method over the following period:

Period

Software 3 years

Impairment of long-lived assets

Intangible assets subject to amortization are tested for recoverability whenever events or changes in circumstances indicate that their carrying amount may not be recoverable. An impairment loss is recognized when the carrying amount of the asset exceeds the sum of the undiscounted cash flows resulting from its use and eventual disposition. The impairment loss is measured as the amount by which the carrying amount of the long-lived asset exceeds its fair value.

Expense allocation

The Organization presents its expenses by function.

Management fees shared by program and administration functions are allocated proportionally to the estimated hours spent by the common staff for each organization (Notes 3 and 10).

Use of estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the amounts recognized as revenues and expenses for the periods covered. Actual results may differ from these estimates. The significant estimates relate to the provision for doubtful accounts, the provision related to the environmental handling charges and return incentives, the impairment of financial assets and the useful lives of intangible assets subject to amortization. These estimates are reviewed periodically and adjustments are made to income in the year they become known.

Notes to the Financial Statements

December 31, 2023

3. Management fees

The Organization retains the services of Société de gestion des huiles usagées (SOGHU) for the purposes of assisting the Organization in the conception, implementation and operation of the recovery and reclamation program required to ensure the appropriate recovery and reclamation of the designated products in accordance with the legislative and regulatory requirements of the Atlantic provinces. For the year ended December 31, 2023, the pro rata basis used is 34% for New Brunswick (34% in 2022), 4% for Prince Edward Island (4% in 2022), 24% for Newfoundland and Labrador (24% in 2022) and 38% for Nova Scotia (38% in 2022).

Management costs incurred during the previous year with SOGHU are itemized as follows:

| | | | | | 2023 |

| Advances from an Organization | 40,314 | 72,748 |

10. Commitments

Contribution to Prince Edward Island Department of Environment, Energy and Climate Action

Under the Materials Stewardship and Recycling Regulations of the Environmental Protection Act of Prince Edward Island, the Organization must pay an annual fee of \$5,000.

Contributions to Multi-Materials Stewardship Board (MMSB)

Under the Waste Management Regulations of the Newfoundland and Labrador Environmental Protection Act, the Organization must cover the annual administrative costs incurred by the MMSB in respect of oil, oil filters, oil containers and glycol containers. The estimated amount for 2024 is \$78,000.

Management and administration services

The Organization has reached an agreement with SOGHU that expires on December 31, 2023, with an option to renew for an additional five years. Under this agreement, the Organization must pay a management fee to SOGHU which is calculated using a fixed rate of 60%. For the year ended December 31, 2023, the management fees are 60% for SOGHU (50% in 2022) and 40% for the Organization (50% in 2022).

Notes to the Financial Statements

December 31, 2023

11. Related party transactions

In the regular course of business, the Organization receives environmental handling charges from its members. Some members have representatives who are members of the Board of Directors. These transactions are measured at the exchange amout and are subject to the usual commercial conditions of the Organization.

During the year, the principal transactions concluded with companies or organization members of the Board of Directors are as follows:

2023 2022

Revenues

Environmental handling charges

1,315,216 1,158,048

The transactions concluded with members of the Board of Directors during the year represent 17.27% of the environmental handling charges (15.11% in 2022).

Finally, accounts receivable include an amount of \$297,853 (\$271,635 in 2022) to be received from companies managed by members of the Board of Directors.

12. Net change in non-cash items related to operating activities

| | 2023 | 2022 |
|-------------------------------|------------|-----------|
| Accounts receivable | 346,786 | 85,091 |
| Prepaid expenses | (10,618) | (9,497) |
| Advances to Recycle NB | | 48,984 |
| Accounts payable | (538,024) | 945,773 |
| Advances from an Organization | (32,434) | 5,921 |
| | (22.4.222) | 4 070 070 |
| | (234,290) | 1,076,272 |

13. Financial instruments

Credit risk

Credit risk is the risk that one party to a financial asset will cause a financial loss for the Organization by failing to discharge an obligation. The Organization's credit risk is mainly related to cash, accounts receivable and investments.

Liquidity risk

Liquidity risk is the risk that the Organization will encounter difficulty in meeting obligations associated with financial liabilities. The Organization is exposed to this risk mainly in respect of its accounts payable and advance from an Organization.

Market risk

Market risk is the risk that the fair value or future cash flows of the Organization's financial instruments will fluctuate because of changes in market prices. Some of the Organization's financial instruments expose it to this risk, which comprises currency risk, interest rate risk and other price risk.

Notes to the Financial Statements

December 31, 2023

13. Financial instruments (continued)

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in interest rates. The Organization is exposed to interest rate risk on its fixed and floating interest rate financial instruments. Fixed interest rate instruments subject the Organization to a fair value risk, since fair value fluctuates inversely to changes in market interest rates. Floating interest rate instruments subject the Organization to changes in related future cash flows. As at December 31, 2023, exposure to fixed interest rate is linked to investments while exposure to floating interest rate is linked to cash.

Other price risk

Other price risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices, other than those arising from interest rate risk or currency risk, whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instruments traded in the market. The Organization is mainly exposed to other price risk through its investments in quoted shares for which the value fluctuates with the quoted market price.

14. Comparative figures

Certain figures for 2022 have been reclassified to conform to the presentation adopted in 2023.
