

Email sent to all collectors on April 09, 2020

To all UOMA Atlantic registered collectors

The past few weeks have been incredibly eventful due to the current context of a world pandemic. UOMA Atlantic is aware of the difficulties resulting from the COVID-19 crisis and wishes to provide support to its partners during these challenging times. It is with this in mind that UOMA's Atlantic board of directors has approved to implement a temporary financial support program for collectors. This measure aims to compensate for the decrease in recoverable volumes caused by the current economic downturn.

Above the usual rates offered to collectors, the temporary financial support program will grant UOMA Atlantic registered collectors an additional 25% on all collections completed on April 1st and thereafter until further notice. This financial support is granted upon collection of any of the designated UOMA Atlantic products.

Collectors will need to complete their RI (Return Incentive) claim forms as they usually would. Upon receipt and evaluation of each RI claim form, UOMA Atlantic will send the collector a purchase order with the additional 25%. Collectors will therefore have the responsibility of producing and submitting an invoice to UOMA Atlantic in order to officially claim payment for the amount shown on the purchase order they've received.

UOMA Atlantic will re-evaluate this program monthly and reserves the right to, with prior notice, update any and all of its terms and/or terminate the temporary financial support program for collectors for any reason it deems relevant.

If you have any questions regarding the temporary financial support program for collectors, please contact Jean Duchesneau via email at jean.duchesneau@soghu.ca.

Things Will Get Better!
